There will be space for 14 painters

\$5 for members, \$10 for non-members to help with costs

Where:

What to Bring:

A hair dryer is handy to help dry paint layers.

A yardstick or ruler

Pencil and eraser (gum eraser works best.) There are some water-soluble Crayola super tip markers to try

Yellow Frog tape (yes, there is a brand of Frog tape for painting).

Blue/green paint tapes may work as well but were not as good as the yellow Frog brand

Spare brushes would be helpful. Clean up water available.

Dress for painting. We do have disposable plastic gloves.

If you have a particular block design you want to paint bring a copy to graph. There will be design examples and books over by our Library table.

PLEASE RSVP to Janet W. by November 30 so there are enough prepped boards. There will be a sign-up sheet at Guild or email her
